*Section 34: Biospecimen Participation (partner)*

This study also involves collecting biological specimens from you and measuring your height and weight. For each biological specimen there is a consent form for you to read, sign and date before we proceed. The procedures and the purposes of the collections are described in the consent forms, so please read each one carefully. If you like, I can go over each form with you. If you have any questions, I can answer them for you once we begin.
