Section 11: Household Roster

Section 11 collects information about the members of the respondent's household and about household history. Special attention is paid to establishing the relationships between the respondent and other household members.

The following questions are about the people with whom you live.			H2HR1	num 1
14620	1	continue with household listing		
118	2	R lives alone		
Please tell me the first names of all the people, other than you yourself, who live in your household. If someone usually lives with you, but is away for a short time, include him or her. At the end of the interview today, the names of these people will be erased from the computer. We need a list now only so we can keep track of people during the interview.
