Section 21: Ideal Romantic Relationship

Section 21 deals with the social and emotional dimensions of romantic relationships. Respondents are given a set of 17 cards, each describing something that might happen in the course of a romantic relationship. They are asked to identify those things that would ideally not happen at this stage of their lives, and then to show the order in which the remaining things would happen.

The next questions are about romantic relationships. Please imagine your ideal romantic relationship in the next year. Go through this deck of cards and give me any that describe things that would NOT happen in this perfect relationship.
