Carolina Population Center  
University of North Carolina at Chapel Hill

April 2003

This research was supported by grant P01-HD31921 from the National Institute of Child Health and Human Development. Further information may be obtained by contacting Add Health Project, Carolina Population Center, 123 West Franklin Street, Room 403, Chapel Hill, NC 27516-2524 ([addhealth@unc.edu](mailto:addhealth@unc.edu)).

Frequency	Code	Response	Variable Name	Type/Length
-----------	------	----------	---------------	-------------

Respondent Identifier			<b>AID</b>	char 8
		range 10000000-99999999		
AID of first sibling			<b>SIB_AID1</b>	char 8
		range 10000000-99999999		
Relationship of first sibling			<b>SIB_REL1</b>	char 12
906	brother	brother		
279	half-brother	half-brother		
310	half-sister	half-sister		
727	non-related	non-related		
992	sister	sister		
583	twin brother	twin brother		
571	twin sister	twin sister		
AID of second sibling			<b>SIB_AID2</b>	char 8
		range 10000000-99999999		
Relationship of second sibling			<b>SIB_REL2</b>	char 12
93	brother	brother		
51	half-brother	half-brother		
23	half-sister	half-sister		
176	non-related	non-related		
79	sister	sister		
59	twin brother	twin brother		

Frequency	Code	Response	Variable Name	Type/Length
59	twin sister	twin sister		
3828	!	missing		
AID of third sibling			<b>SIB_AID3</b>	char 8
		range 10000000-99999999		
Relationship of third sibling			<b>SIB_REL3</b>	char 12
5	brother	brother		
11	half-brother	half-brother		
2	half-sister	half-sister		
32	non-related	non-related		
1	sister	sister		
7	twin sister	twin sister		
4310	!	missing		
AID of fourth sibling			<b>SIB_AID4</b>	char 8
		range 10000000-99999999		
Relationship of fourth sibling			<b>SIB_REL4</b>	char 12
4	non-related	non-related		
4364	!	missing		
Sibling flag			<b>SIB_FLAG</b>	num 1
1	0	did not ask sibling questions for this respondent		
4367	1	asked sibling questions for this respondent		

**NOTE**

Thirteen respondents were asked sibling questions about themselves (AID=SIB\_AID1 or AID=SIB\_AID2). This happened because these respondents were interviewed with the incorrect preloaded information. The responses to the sibling questions about themselves have not been recoded.
